Beautiful custom home in coveted Indian Peaks West. When you walk in the door you will be in awe of the grand entry with new custom railing and wood stairway. This is one of the most beautiful kitchens that was remodeled by Built by Kreuger, a luxury homebuilder in 2017. It included removing walls and opening up the space to modernize the floor plan and wow anyone that walks in the door. High end appliances including a Wolf cooktop and Sub-Zero Refrigerator. The kitchen is centered around a beautiful island which is to surely be the heart of the home. This is a floor plan that is very unique. Four bedrooms upstairs with one ensuite bathroom (3 bathrooms on this level) and a bonus room upstairs perfect for a playroom, office or second family room. The garden level basement is light and bright and includes another bedroom and full bathroom and plenty of space to entertain AND have your workout space. The corner lot with south facing driveway (for Winter) is beautifully landscaped with a deck in the back for grilling and enjoying the Fall evenings or enjoy a soak in your hot tub. Unique four car garage is ready for your Tesla with a new charger. A true mudroom is another feature that is hard to find- plenty of space for all the gear. The location can't be beat across the street from the Indian Peaks Main Park which hosts the food trucks in the Summer every other week, annual Easter Egg Hunt and 4th of July parade and festivities. This neighborhood has the best Trick or Treating in Boulder County. Proximity to Old Town Louisville and Lafayette can't be beat. Down the street from the YMCA, Westbound & Down brew pub, bakery & coffee.
